 - Clients can find the new possible output values for this data point in [Table 3 of the attached mapping PDF](#).

- Clients need to confirm if there are any processes set up around the output value of the “BroadCategoryGroup” data point.
 - If **there are not**, clients do not need to take any action for the API Center.
 - If **there are**, you will need to prepare for the possible outputs in Table 3.
- As a reminder, in April 2025, Morningstar added our new “Morningstar Category Group” data point, which is a separate data point from “Morningstar Category Broad Group”. Morningstar Category Groups are the new sub-asset categories that map into the Morningstar Category Broad Groups in [Table 4 of the attached document](#).
 - “Morningstar Category Group” is a net-new data point. If your team would like to consume this data point, it’s available in the same FundShareClassBasic API endpoint:
